Douceur de Bulles
(Demi-sec)*

*B*lended in the same proportions than our "Secret de Famille" (40% of Pinot Noir, 40% of Pinot Meunier and 20% of Chardonnay), the difference of taste is due to the difference in the dose of sugar added. To get this taste, we add nearly 35g of sugar per liter, which gives shiny reflections and plum aromas.

Suggestion of the Chief

*D*elightful with a strawberry cake or a panacotta with red fruits.

Forgotten since a long time, the wine called 'Demi Sec' is given a revival thanks to its new label and a real identity: Douceur de Bulles.

Wine of dessert by definition, you will end a meal at its climax with our Douceur de Bulles

*A*vailable in
